

Raymond E. Miller, MD, a Cardiac Electrophysiologist with Bayhealth Cardiology Consultants, Dover

Get to know Cardiac Electrophysiologist Dr. Raymond E. Miller, who serves patients in Dover, Delaware.

New York City, New York Dec 22, 2022 ([IssueWire.com](https://www.issuewire.com)) - Recognized as a Top Doctor by Delaware Today, Dr. Miller is a fellowship-trained cardiac electrophysiologist. He is currently a part of the team of professionals at Bayhealth Cardiology Consultants, Dover in Delaware.

A part of the Bayhealth Medical Group, Bayhealth Cardiology Consultants with offices in Dover, Milford, and Smyrna provides an array of services for those living with heart disease and other vascular disorders. Using the latest technologies and proven methods, cardiologists place patients' well-being at the forefront of all they do by delivering comprehensive cardiac care. They are committed to innovation, compassion, and clinical excellence - all to keep the heart healthy.

In regards to his educational background, Dr. Miller graduated with his Bachelor of Arts degree in Chemistry from Cedarville University in 1982. He then went on to earn his medical degree from the University of Maryland School of Medicine in 1986.

Furthering his training, he performed his internship and residency in internal medicine at University Hospitals Cleveland Medical Center. He then completed fellowships in both cardiology and cardiac electrophysiology at the Cleveland Clinic Foundation, where he later served as a clinical associate in the Department of Cardiac Electrophysiology.

A Diplomate of the National Board of Medical Examiners, the doctor is also board-certified in internal medicine and clinical cardiac electrophysiology by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

In addition to being a Fellow of the American College of Cardiology, Dr. Miller is a member of the American College of Physicians and the American Medical Association.

Clinical cardiac electrophysiology (also referred to as cardiac electrophysiology, arrhythmia services, or electrophysiology), is a branch of the medical specialty of cardiology and is concerned with the study and treatment of rhythm disorders of the heart. An electrophysiologist is a type of cardiologist. They focus on the heart's timing, or electrical system, and on diagnosing and treating irregular heartbeats or arrhythmias. They are also qualified to perform special tests of the heart's electrical system, such as an electrophysiology study or an ablation.
