Toronto, Ontario Jan 28, 2023 (<u>Issuewire.com</u>) - Trinity International Music Competition is proud to announce its 2022-23 winners and laureates and to acknowledge the outstanding achievements of the participants, as well as the commitment and dedication of their teachers and parents.

As the old proverbial saying goes, "it takes a village to raise a child", and it certainly takes a full-fledged community of dedicated teachers, mentors, parents, and relentless commitment and hard work to nurture a blossoming young musician into an artist.

We are truly honoured to be able to serve as a bridge in providing a performance opportunity for participants worldwide, and hopefully, through our post-competition events, continue to fuel the musical inspiration of our participants.

We are also extremely privileged to benefit from the invaluable insight and encouragement of our grand jury members: Dr. Gabriel Prynn (Founder and violinist of the Fibonacci Trio from Montreal, Canada), Prof. Alan Fraser (pianist, pedagogue, and author linking piano technique to the Feldenkrais Method from Canada & Serbia), Prof. Takahiro Hoshino (concert artist and piano professor from Japan), and Korean concert pianist and professor of the Hong Kong Baptist University, Dr. Yoonie Han.

We hope this competition experience serves to inspire our participants and also motivates them to continue their artistic journey to the next level. We wish you continued success in all your artistic endeavors. Keep up the exceptional work! Congratulations and bravo to all!

Since our inaugural edition in 2021, our competition has received applicants from 34 countries, including Albania, Armenia, Australia, Austria, Bulgaria, Canada, China, Cuba, Dubai, Germany, Greece, Hong Kong, Hungary, Iceland, India, Indonesia, Italy, Japan, Republic of Korea, Latvia, Macau, Malaysia, New Zealand, Norway, Philippines, Poland, Romania, Singapore, South Africa, Spain, Sweden, Switzerland, Taiwan, Thailand, United States & Vietnam. Thank you for your support!
