Mississauga, Ontario Jan 26, 2023 (IssueWire.com) - TripSpark Technologies, a leading provider of transit technology in North America, and Laketrans, Lake County Ohio's public transportation provider, will be conducting a free online webinar called "**Are You Missing Any Passenger Experience Puzzle Pieces?**" on Thursday, February 9th @ 2 PM ET.

Today's transit riders want to go where they want, when they want, with as many mobility options to

choose from as possible. Passengers of all abilities expect the same flexibility of choice, from paratransit and Dial-a-Ride to on-demand and microtransit. With this webinar, TripSpark will reveal how these puzzle pieces, which are so often missing from an agency's passenger experience, save resources, time, and money, while simultaneously growing ridership. Laketrans will reveal their learnings and successes, and TripSpark will announce an industry-leading initiative that will improve the passenger experience at agencies across North America.

Join Brett Werkheiser, Senior Product Manager at TripSpark, and the leadership team of Laketrans to learn more about the key, immediate changes agencies can make today and be the first to know about the new initiative that completes the passenger experience puzzle.

Tune in for powerful insights, get your queries addressed, or have a chat with TripSpark.
