

Best Free Social Media Management Tools 2022

Take Control of Your Social Media with Reva365

Ahmedabad, Gujarat Jan 23, 2023 ([Issuewire.com](https://www.issuewire.com)) - **Gravitaa Inc.** is an Indian based IT company providing Stunning Graphic Design & Development Solutions, today in this growing competitive world social media created big impact to your business so we decided to provide niche solutions for users, so we created web platform Reva365.

Reva365 plays a crucial role for digital marketing it saves not only your time, but it schedules your

posting through various social media.

In today's world, when social media and digital marketing is a must for every business, it has become very important to manage it. Only creating accounts on social media platforms will not help. Brand managers, influencers or agency people are loaded with lots of work on social media. It's difficult to manage hectic schedules without a social media management tool if you have such an abundance of work.

Social media management tools like Reva365 are a perfect remedy for those who have a lot of work on different social media channels. Facebook, LinkedIn, Instagram, Twitter, etc. are few of the major social media platforms today. As a social media manager, one has to update company pages, monitor the activities and analyse it. With this kind of work on social media, Reva365 helps you manage everything as mentioned below:

- ❑ Social media managers can schedule their posts anytime on one or multiple social media sites (depending on the plan they have chosen).
- ❑ Social media managers can manage multiple platforms (e.g. Facebook, LinkedIn, Instagram, Twitter, etc.) under one roof.
- ❑ It's very easy to manage multiple users / social media managers on Reva365 for a company.
- ❑ You can get analytics and reports of all the platforms managed on the tool.

Apart from the above-mentioned features, there are many other interesting and helpful features on the social media management tool which will help you get rid of the hassles. The tool is useful for a range of users including individuals to influencers and large enterprises with many employees. Reva365 offers different paid plans which suit you. However, there's free plans to start with. The process of creating an account is very easy. One can sign-up in almost no time with the click of a button. Below is the link to sign-up. Start with a free plan today.
