

Boston Sightseeing Launches Double-Decker Open-Top Tour Bus in Boston

Boston, Massachusetts Jan 27, 2023 ([Issuewire.com](https://www.issuewire.com)) - Boston Sightseeing, the premier tour bus operator in Boston, is thrilled to announce the launch of its double-decker, open-top tour bus in the city. This new service, beginning April 1st, will provide visitors to Boston with an exciting, immersive experience to explore some of the most popular sites and attractions in the area.

The double-decker, open-top tour bus will feature a full-service sightseeing experience, providing guests with panoramic views of iconic landmarks and historic attractions and options to disembark and explore museums, memorial sites, and more. It's the perfect way to see the city and get the most out of your visit.

The tour includes some of the city's most popular areas, such as the Freedom Trail, Fenway Park, Beacon Hill, the North End, and Old State House, as well as other points of interest, such as Quincy Market, Copley Square, and downtown Boston. The bus will be filled with amenities such as comfortable seats, AC power outlets, and free Wi-Fi, making it an even more enjoyable tour.

This double-decker, open-top tour bus is unlike any other sightseeing tour in the city. It offers an immersion in the best sights in Boston and an opportunity for guests to experience the city in a unique, exciting way.

Boston Sightseeing is proud to offer this incredible new tour and looks forward to helping visitors explore the city with this unforgettable experience.
