

Desalytics Water Solutions to Attend WEX Global 2023 in Seville

Desalytics Water Solutions, a leading provider of water treatment and quality solutions in Africa, is proud to announce that it will be attending the WEX Global 2023, one of the premier events in the water industry, set to take place in Seville

Dubai, United Arab Emirates Jan 23, 2023 ([IssueWire.com](https://www.issuewire.com)) - Desalytics Water Solutions, a leading provider of water treatment and quality solutions in Africa, is proud to announce that it will be attending the WEX Global 2023, one of the premier events in the water industry, set to take place in Seville, Spain from March 27 to 29.

The summit brings together top leaders and experts from around the world to discuss water sustainability and the most pressing water-related issues, as well as to find solutions to the challenges facing the industry. Desalytics, which operates in Tanzania, Uganda, Kenya, Zambia, Ghana, Nigeria, and Cameroon, is committed to addressing the water challenges facing Africa and is excited to be a part of this important event.

"We are thrilled to be a part of this important event and to have the opportunity to share our expertise and experience with other industry leaders," said Walid Khoury, General Manager of Desalytics Water Solutions. "We believe that by working together, we can find innovative solutions to the water challenges facing Africa and make a real impact in the lives of the people we serve."

Desalytics is also proud to have won 2022 the WEX Award for Innovation in Water Marketing. The WEX Global Awards for Innovation recognize and reward those water and energy projects that are helping us get to net zero – projects with an element of circular economy and/or smart digital efficiency.

Mark Barker, CEO of WEX Global, commented, "we are delighted to welcome back Desalytics Water Solutions, which has become a highly active member of the WEX Global community. We look forward to helping them grow their business and supporting the vital work they do in providing sustainable water solutions throughout Africa. "

Desalytics Water Solutions is committed to providing the best water treatment and quality solutions to industrial and municipal clients in Africa and is looking forward to participating in the WEX Global 2023 in Seville to further this goal.

About Desalytics

Desalytics Water Solutions is a Dubai-based start-up that offers a diverse portfolio of water testing and water treatment consumables and services in Sub-Saharan Africa through strategic partnerships and an innovative impact-investing business model. The company aims to help municipal and industrial customers produce reliable water, optimize processes, and maximize returns at a competitive cost through expertise, technologies, and a local footprint.
