

Diana Miranda, OD, an Optometrist with All About Eyes - DeKalb

Get to know Optometrist Dr. Diana Miranda, who serves patients in DeKalb, Illinois.

New York City, New York Jan 11, 2023 ([Issuewire.com](https://www.issuewire.com)) - Dr. Miranda is an experienced optometrist who is dedicated to providing her patients with the highest quality of eye care. She graduated with her Doctor of Optometry degree from the Illinois College of Optometry in 2002 and serves as the full-time optometrist at the DeKalb All About Eyes location.

Skilled in a wide range of primary care optometric services, she specializes in comprehensive eye exams, management of dry eye syndrome, eye infections, ocular allergies, and contact lens fittings. She has a particular passion for fitting toric, multifocal, and monovision soft contact lenses, and has extensive experience in this area, having worked as a clinical research optometrist for a major contact lens company for seven years.

In addition to her technical skills, Dr. Miranda is known for her warm and caring approach. She takes the time to get to know her patients and understand their visual needs and is committed to finding the best eyecare solutions for them. She is meticulous and precise in her work and takes great pride in providing her patients with the most accurate prescriptions possible.

Optometry is a healthcare profession that involves examining the eyes and applicable visual systems for defects or abnormalities, as well as diagnosing and managing eye disease. Optometrists are healthcare professionals who provide primary eye care through comprehensive eye examinations to detect and treat various visual abnormalities and eye diseases. Being a regulated profession, an optometrist's scope of practice may differ depending on the location. Thus, disorders or diseases detected outside the treatment scope of optometry (i.e. those requiring certain surgical interventions) are referred out to relevant medical professionals for proper care, more commonly to ophthalmologists who are physicians that specialize in the tertiary medical and surgical care of the eye. Optometrists typically work closely together with other eye care professionals, such as ophthalmologists and opticians, to deliver quality and efficient eye care to the general public.

On a more personal note, Dr. Miranda has been a resident of DeKalb since 2008 and grew up in the greater Chicagoland area. In her free time, she enjoys music, swimming, and spending time with her family, including her dogs and cats.
