**London, England Apr 3, 2023 ([Issuewire.com](https://www.issuewire.com))** - ERP Buddies, a leading cloud ERP solution provider from North America, is excited to announce its expansion into the United Kingdom. As an official partner of Oracle NetSuite and Microsoft Dynamics 365, ERP Buddies is well-positioned to offer comprehensive ERP solutions to businesses in the UK.

"We are thrilled to be scaling our services to the UK market," said the CEO of ERP Buddies Inc., Divyesh Soni. "Our cutting-edge ERP solutions are designed to help businesses streamline their operations and improve efficiency, and we believe that our services will be well-received in the UK."

ERP Buddies' team of experienced professionals takes a consultative approach to implementation, working closely with clients to understand their unique business needs and providing tailored solutions that meet those needs. The company is dedicated to providing end-to-end ERP services, including implementation, customization, training, and ongoing support for both Oracle NetSuite and Microsoft Dynamics 365.

"We look forward to working with businesses in the UK and providing them with exceptional ERP solutions and services," said Onkar Shinde, Vice President of Sales & Marketing. "Our expert consulting team is accessible globally, with operations in Europe, the US, Canada, India, Singapore, and the Philippines, which enables us to provide support to businesses across the globe."

With its official partnership with Oracle NetSuite and Microsoft Dynamics 365, ERP Buddies can offer a wide range of ERP solutions that can be customized to meet the unique needs of businesses in different industries.

"Our new approach to the UK and European market offers a fresh, vibrant, and long-term view in the market," said Calum McRae, Sales Manager of ERP Buddies UK. "Our team of experts is committed to providing dedicated support to businesses in the UK, enabling them to achieve their business objectives and take their business to the next level."

ERP Buddies offers a range of other services, including data migration, integration, and customization, and its team of certified consultants has extensive experience in implementing and supporting ERP solutions for a variety of industries.
