

Hae Shin Chung, MD, PhD, IFAAD, a Board Certified Dermatologist with PureSkin Dermatology Clinic

Get to know Dermatologist Dr. Hae Shin Chung, who serves patients in South Korea.

New York City, New York Jan 2, 2023 ([Issuewire.com](https://www.issuewire.com)) - An experienced dermatologist, Dr. Chung's top priority is to provide safe and effective treatment from the perspective of her patients. With over 20 years of continuous effort and a focus on always considering the needs of her patients first, she has built a strong foundation and achieved a high reputation in the field.

Excelling in private practice since 2004, as the owner of the PureSkin Dermatology Clinic, which specializes in providing one-stop dermatological treatments that aim to make it seem as if no treatment was ever performed. This is reflected in her motto, "everyone will notice, but no one will know."

In her clinical role, Dr. Chung enjoys talking to and understanding the needs of her patients and their caregivers, and also enjoys data analysis. She believes in always going back to the basics and relearning everything from the bottom up. As a result of this approach, she has been able to consistently provide excellent care to her patients.

A native of South Korea, she graduated with her medical degree, Doctor of Philosophy degree, and two master's degrees from Yonsei University College of Medicine. She then went on to work at the University of California San Francisco before returning to South Korea to take on various dermatological roles.

She also has a passion for Dermatological clinical research, Dr. Chung currently serves as a Clinical Research Professional in Boston Clinical Trials, as opportunities for this type of work are limited in South Korea. She is a board-certified dermatologist who has contributed to numerous publications, including the International Journal of Women's Dermatology, the Journal of the American Academy of Dermatology, the International Journal of Dermatology, and many more. Recently spoke at the International Skin of Color held in Massachusetts General Hospital on "Skin Cares Around the World". She has even been listed in Marquis Who's Who since 2016 and also recognized as a Living Legend by the International Biographical Center Cambridge, England in its 40th Anniversary Edition.

Dermatology is the branch of medicine dealing with the skin. The skin is the largest organ of the body. Dermatology is a specialty with both medical and surgical aspects. A dermatologist is a specialist doctor who manages skin diseases and deals with both internal and external causes and some cosmetic concerns involving the skin. Dermatological duties include taking consultations, providing screening tests, and undertaking non-invasive surgical procedures.
