Guangzhou, Guangdong Jan 13, 2023 ([IssueWire.com](https://www.issuewire.com)) - Huangpu Mining (ISIN: CN0397106583), a pioneering cobalt mining company in China whose vision is to become a new mining benchmark company, delivering value and tangible benefits to its shareholders, partners, and the community in which it operates, announced today the release of its Ethics and Compliance Report which gives a thorough overview of Huangpu Mining's ethics and compliance program. The report summarizes the company's strategy, compliance structure, and numerous tools and procedures used to support the company's program and advance an ethical culture.

The study outlines topics that are important to both internal and external stakeholders, especially in light of the challenges Huangpu Mining has experienced collectively over the past few years as a result of continuous investigations. Before the investigations even started, Huangpu Mining made [significant investments in compliance staff](#), processes, and external assurance in order to develop and operate a best-in-class program.

“To ensure that we are a responsible and ethical company and a reliable business partner, we think it is essential to have a solid ethics and compliance program that is based on our values. We want to be open and honest about the difficulties we encounter, how we grow from them, and how we take advantage of the chance to get better and push ourselves to accomplish more”, stated Poon T. Guanqiu, Chief Executive Officer at Huangpu Mining.

The Board and the executive leadership team are committed to guiding a business that creates value for its stakeholders and workers by conducting business openly, in accordance with a clear set of values, and with honesty and integrity at its core. The work Huangpu Mining performs to accomplish these goals is clearly outlined to all of the company's stakeholders.

About Huangpu Mining
