

Jonathan C. Cheng, MD, Ph.D, a Radiation Oncologist with Genesis Medical Group - Tomball Urgent Care

Get to know Radiation Oncologist Dr. Jonathan C. Cheng, who serves patients in Texas.

New York City, New York Jan 31, 2023 ([Issuewire.com](https://www.issuewire.com)) - Dr. Cheng is a trained radiation oncologist with broad clinical experience in treating cancers of the prostate, breast, lung, central nervous system, gastrointestinal system, gynecologic system, and head and neck region. He is in practice with Genesis Medical Group - Tomball Urgent Care in Texas.

He has developed expertise in many of the most advanced technologies in the field of radiation oncology, including intensity-modulated radiation therapy (IMRT), image-guided radiation therapy (IGRT), stereotactic radiosurgery (SRS), stereotactic body radiotherapy (SBRT), high-dose-rate (HDR) temporary interstitial/intracavitary brachytherapy, permanent seed prostate brachytherapy, and MammoSite Breast ®Brachytherapy.

In regard to his educational background, Dr. Cheng graduated with his medical degree from the Keck School of Medicine of the University of Southern California. He then went on to perform his internship in internal medicine at Olive View-UCLA Medical Center, as well as his residencies in radiation oncology at the University of California, Irvine & City of Hope National Medical Center.

With years of experience, the doctor is board-certified in radiation oncology by the American Board of Radiology (ABR). The mission of the ABR is to serve patients, the public, and the medical profession by certifying that its diplomates have acquired, demonstrated, and maintained a requisite standard of knowledge, skill, and understanding essential to the safe and competent practice of diagnostic radiology, radiation oncology, and medical physics.

Continuously advancing his efforts, Dr. Cheng is an active member of the American Society for Radiation Oncology, the American Society of Clinical Oncology, and the Radiological Society of North America.

In Texas, he is affiliated with Houston Methodist Baytown Hospital and Aspire Hospital.

Radiation oncology is a medical specialty that involves the controlled use of radiation to treat cancer. It is one of the three primary specialties, the other two being surgical and medical oncology, involved in the treatment of cancer. A radiation oncologist is a specialist physician who uses ionizing radiation in the treatment of cancer.

On a more personal note, Dr. Cheng speaks multiple languages, including English, Mandarin, Spanish, and Taiwanese.
