

LumenData receives the Global 'Channel Rising Star' Partner of the Year Award

LumenData's recognition as the Global 'Channel Rising Star Partner of the Year' is a testament to its strong commitment to achieving measurable business outcomes.

Las Vegas, Nevada Jan 29, 2023 ([Issuewire.com](https://www.issuewire.com)) - [LumenData](#) is pleased to announce that it has received the Global 'Channel Rising Star' Partner of the Year award in the Growth Category by Informatica, **an enterprise cloud data management leader.**

The Partner Awards Program celebrates Informatica's network of over 400 partners to recognize their unique contributions to helping enterprises drive data-led transformations in 2022. The program highlights 22 key categories, including specialty categories such as cloud modernization, data governance and privacy, innovation, growth, and rising star. LumenData's recognition as the Global 'Channel Rising Star Partner of the Year' is a testament to its strong commitment to achieving measurable business outcomes.

Aakash Desai, Chief Revenue Officer at LumenData said, "The highly talented and hardworking team from Informatica inspires LumenData to achieve amazing outcomes for our joint clients. The award for LumenData in the Global Growth category, which includes AWS and TCS, is proof of our worldwide commercial and delivery success in implementing Informatica Cloud products."

“Our ecosystem of partners is second to none in the expertise and value they deliver our shared customers on their data management and digital transformation journeys,” said **Aslam Jamal, Vice President, Worldwide Channels, Informatica**. “It was a daunting task to narrow down our list of ‘Partner of the Year’ recipients, but we couldn’t be prouder to be associated with a group of such respected brands and industry leaders. We’re eager to work shoulder-to-shoulder with all our partners again in the year ahead and continue to be at the forefront of cloud innovation.”

Partnering with Informatica has helped LumenData to:

- Be at the forefront of preparing enterprises to master data capabilities and be future-ready
- Strengthen its valued partnership with Informatica and create endless digital possibilities for customers
