"Morni will always remain special to me for the song that it is. It is a cute, loving, peppy song that everyone can relate to. The story is about a guy's ways and means to connect to his crush and get noticed which is very relatable to the small town as well. In this era of social media, we have tried to show the cuteness of a guy and a girl and how he tries to woo her heart. We shot this song in Punjab

over 2 days and it was a fun experience. I am confident that Morni will connect with the audience well”, says lead actor **Aditya Bhadoria**.

The leading lady **Gungun Bakshi** says, “The song will automatically refresh your memory and you will start humming the song once u hear it, Morni captures that well and brings a nostalgia to feel to it. It connects to all age groups and we are early waiting for the response to the song.
