

Prestige Plywood to Announce New Revolutionary Product Line!

Kannur, Kerala Jan 11, 2023 ([Issuewire.com](https://www.issuewire.com)) - [Prestige Plywood](#), a leading manufacturer of high-quality plywood products, has recently been recognised as one of the [best plywood manufacturers in Kerala](#) and a blooming name in the wood panel industry. Prestige's products are made from sustainably-sourced raw materials and are manufactured using state-of-the-art technology that minimises waste and reduces the company's carbon footprint. The brand is excited to announce the launch of its revolutionary new product line. These innovative products are unlike anything else on the market and are sure to revolutionize the way that plywood is used in construction and home improvement projects.

"At Prestige Plywood, we are committed to being a responsible and sustainable company," said the management. "We are excited to offer our customers a range of environmentally-friendly products that meet the highest quality and performance standards."

Their [eco-friendly](#) line includes a variety of plywood products for a range of applications, including structural sheathing, exterior siding, and interior finishes. All the products are certified by Indian Standard Institute (ISI) and are An (ISO) 9001-2008 Company. Their mission is to enhance product quality by adapting to new technologies and techniques that are available in the market. In addition to ensuring continuous improvements in products, processes, and applications, the company conducts in-house research and technology.

The company is recognised for its commitment to producing high-quality, reliable products and its dedication to excellence in all aspects of its business. Even when standing at the forefront of the plywood industry, Prestige works hard every day to deliver the best products and services to our customers. To ensure quality, the company tests all the products manufactured tested carefully for mechanical and chemical properties before approval. The brand only offers products that are 100% preservative-treated and guaranteed to resist any termite or borer attacks.

Prestige Plywood has a long history of innovation and excellence, and this latest honour further cements its position as a leader in the industry. They are known for the best plywood in Kerala. The company's products are widely used in a variety of applications, including structural sheathing, exterior siding, and interior finishes. They are available at leading home improvement stores and lumber yards nationwide.
