

PSI Has Been Certified in Accordance With ISO 13485:2016

PSIDispo's Quality Management System has been certified to ISO 13485:2016. PSIDispo has reached a watershed moment.

Amravati, Maharashtra Jan 20, 2023 ([IssueWire.com](https://www.issuewire.com)) - PSIDispo's **Quality Management System** has earned **ISO 13485:2016** certification.

This is a significant turning point for **PSIDispo**. Shri Rajesh Daga, Director of PSIDispo, proudly proclaims, "Our team has done a wonderful job in handling all problems with drive and tenacity to bring us here today."

ISO 13485:2016 is a revision of the original standard that aims to accommodate developments in **quality management system** methods, such as technological advancements and shifting regulatory expectations and requirements. **PSIDispo**'s attainment of ISO 13485 certification attests to the company's implementation of ISO 13485 Qms, and its fulfillment of all of the criteria set out in **ISO 13485:2016**. ISO 14971 and IEC 62304 are other international standards in the QMS.

During the certification procedure, auditors assessed PSIDispo's **Quality Management System**, focusing on the appropriateness and effectiveness of medical devices. Quality, efficacy, and safety are among the company's primary objectives as an **ISO 13485:2016** certified company. The employees of PSIDispo adhere to the policies and guidelines specified by the certification.

Platforms for medical devices like the PSIDispo Platform are required to achieve QMS certification under current BSI rules. The new accreditation boosts our market reputation and gives our clients the confidence to buy and use the platform. Having credentials provides us with an advantage in international marketplaces.

About PSIDispo: Regarding **PSIDispo** In India, we are the go-to source for both off-the-shelf and bespoke healthcare supplies and disposable medical supplies. Our products have made it to market thanks to reliable manufacturing processes, a commitment solely to the finest quality and standards, and the dedication of our business partners.

We entered the market when medical disposables were a foreign notion in India. Since then, our effective marketing initiatives have made PSI a well-known and dependable brand among retailers, wholesalers, hospitals, government organizations, and other business partners.

We are a company recognized under **ISO 13485:2016**, ISO 9008:2015, and ISO 22609. We actively strive for excellence via constant process improvement, which guarantees that we are going above and beyond industry standards and, as a result, continuously delivering a superior product!
