Delhi, India Jan 16, 2023 (Issuewire.com) - Singhal Industries Pvt. Ltd, a leading name in the packaging industry, welcomes you to PlastIndia 2023 event from Feb-1st 2023 to Feb-5th 2023 at Pragati Maidan in Delhi. As an ISO-certified company headquartered in Gandhi Nagar, Gujarat, Singhal Industries has been providing premium quality bespoke packaging materials since 1987. With over 38 years of experience and a significant workforce, state-of-the-art machinery, and expertise in customized

packaging solutions.

They are manufacturing huge ranges of flexible packaging products and flexible lining products like PP bags, garbage bags, carry bags, spout pouch, HDPE sheets, HDPE film, stretch film, geo bags, uniaxial & biaxial geogrid, PP yarn, underground warning tape & much more. Here we are going to describe a few of them.

One of the key products offered by Singhal Industries Pvt Ltd. is [PP Leno Mesh bags](#), which are widely used in the agriculture sector for packing fruits and vegetables. These bags are made from polypropylene and feature a drawstring closure, making them lightweight yet durable and eco-friendly.

Another important product offered by Singhal Industries Pvt Ltd. is [PP Jumbo Bags](#), which are designed using flat polypropylene woven fabric and can safely carry weights of 500 kg to 2000 kg. These bags feature a thin layer of LDPE on the inner surface, making them safe against moisture and protecting the freshness of the product.

This company makes affordable materials called [PP sheets](#) that have exceptional chemical, thermal, mechanical, physical, and electrical qualities. These sheets work well for a variety of industries, including food packaging, box construction, videocassette covers, office supplies, stationery items, and computer data binders, files, folders, and other stationary products.

Additionally, the company has specialization in producing high-quality [HDPE sheets](#). These sheets are useful in food service areas. Cutting boards and counters may fall under this category. Our HDPE sheets comply with all USDA and FDA rules of temperature, abrasion, impact, and shock resistance. These are perfect for spinning cans and packaging, moving containers, lining projects, geothermal applications, chemical flooring, and industrial floor lining.

In addition to these products, they also provide [PP Woven Bags](#), which are drawstring closure bags that are ideal for packaging powdery or grainy items such as cement, sand, and fertilizers. These lightweight yet durable bags can store weights of 20 kg to 200 kg, making them suitable for use in the agricultural sector.

Singhal Industries Pvt Ltd. is the perfect choice for anyone looking for a reliable and experienced provider of high-quality packaging solutions. With its diversified range of products, including PP Leno Bags, PP Jumbo Bags, PP Sheets, HDPE Sheets, Warning Tape, PP Woven Bags, [Biaxial Geogrid](#), etc it is well-equipped to meet the needs of a wide range of industries.

Singhal Industries cordially invite everyone to Pragati Maidan, Delhi at Stall No. C-8, Hall -14-FF for our upcoming fair of flexible packaging products and lining products from 1st Feb to 5th Feb, 2023.
