Hollywood, California Jan 3, 2023 ([IssueWire.com](https://www.issuewire.com)) - EXCLUSIVE: Bruce "Busta" Soscia, a SAG actor and producer, has formally announced the founding of Soscia Film Productions, a movie-making enterprise that will aim to present uplifting tales.

Soscia is an American actor, producer, and entrepreneur born on a military base in California. He was raised between New York and Boston, in Rhode Island. He grew up amongst an array of 'tough guys' and quickly learned to fight to survive and hustle to thrive in a world filled with 'street-wise characters'. He has had major success as a blue-collar barber, having built up twelve 'GQ' barber shops in R.I., and is also known for his philanthropy in coordinating major charity events such as 'Stand Up To Cancer' on behalf of the American Cancer Society. Soscia hit the ground running in 2018, landing a cameo role with Adrien Brody in 'Clean'. He has since performed in over 40 film projects and recently executive produced 'The Families Feud', a dark comedy featuring wise guys vs. hillbillies that is sure to have audiences rolling with laughter. It is rare for a big, scary-looking man to be the truly sweet, kind, genuine person that Soscia is. He is known by many as being passionately dedicated to his craft, having a positive energy on & off set, and being respected within the acting community. Soscia continuously emphasizes that his driving force on his journey has always been his love for his family, especially his children. He aspires to serve as an inspiration to others from humble beginnings. Bruce is an example of a confident person who has continuously overcome adversity through faith, hard work, and perseverance.

Several projects are already in development at Soscia Film. "I'm really excited to officially introduce Soscia Film Productions. I've had this dream for a very long time, and I think the moment is right. I sincerely believe that the world requires stories that will encourage readers to pursue their aspirations," Bruce "Busta" Soscia said.
