

## Stradtman Family Wellness launches new 90-Day Lab-Guided Transformation program

Stradtman Family Wellness, a virtual integrative tele-health practice that offers solutions to your chronic symptoms, today announced it is launching the New 90-Day Lab-Guided Transformation Program.

STRADTMAN  
FAMILY WELLNESS

**Orlando, Florida Jan 12, 2023 ([Issuewire.com](https://www.issuewire.com))** - This is the launch of a service aimed at helping offer more insight into the root cause of chronic health issues by utilizing lab testing to assess the level and function of hormones, digestion, detoxification, immune function, oxidative stress, leaky gut, circadian rhythm, and measuring the body's stress response. The service will be available on January 1, 2023, to customers across the entire country via virtual appointments. The new service will include lab testing, two meetings a month, unlimited email support, a DRESS for Health customized protocol, discounts on organic groceries, skincare, and supplements, plus a free fitness tracker.

*"I'm so excited to be able to put all of these extensive lab tests into one place to give clients a more precise look into their health. We can now paint a clear picture of someone's health by leaving no stone unturned in regard to clients' health by assessing hormones, immune function, digestion, detoxification, energy production, and oxidative stress,"* said Kurt Stradtman, Founder of [Stradtman Family Wellness](#).

Because this program is customized for every client, set pricing is unavailable. Pricing is determined based on a number of factors including the client's testing requirements, symptoms, etc. but most clients can expect to spend anywhere from \$1k to \$4k for the full 90 days. Quality healthcare should be made available to everyone, so personal budget is also taken into consideration with a sliding scale and

financing is available through third-party sources. Certain labs may be covered by HSA and FSA accounts, but consult with your client coordinator for these questions. Stradtman Family Wellness also offers a la carte services as well for those not wanting a full 90-day transformation.

There is currently a waitlist for new clients enrolling in the 90-Day Transformation program, but every potential client must complete a complimentary [wellness consult](#) prior to applying to be part of the program. Availability for these consults is as soon as next week, but these slots are filling up quickly.

Any direct questions should be directed to [Stradtman Family Wellness](#) regarding the program or schedule.
