Benton Harbor, Michigan Jan 2, 2023 ([Issuewire.com](https://www.issuewire.com)) - **Tarps Now®** is pleased to announce its **2022 Year End Review of Top Selling Tarp Coverings**. This guide focuses on the high demand for tarp coverings, [industrial curtains](#), and tarp accessories orders utilized by residences, businesses, organizations, schools, teams, and municipalities around the **United States** and parts of **North America**. Tarp coverings sold throughout 2022 consisted of stock or [custom-made tarps](#), as well as sheets of rugged materials used for protection. The most sought tarp covers were often made of materials like [canvas](#), [vinyl](#), [polyethylene](#), and other materials that were purchased in a range of sizes, colors, and thicknesses. They ranged from lightweight to super heavy-duty grades, most of which are very easy to store and deploy for a variety of applications.

Popular uses of tarp coverings included use to cover items such as furniture, equipment, and vehicles to protect them from rain, snow, or other types of precipitation, as well as ground covers to protect grass or other surfaces from damage or to create a temporary floor in a tent or other structures.

Leading segments included [heavy-duty tarps](#) that are designed to withstand extreme weather conditions

and lighter-weight tarps that are more suitable for use in milder conditions. Also in high demand were tarps with grommets or loops along the edges that can be used to secure the tarp in place using bungee cords, rope, or other fasteners.

The **2022 Year in Review Guide** details popular, emerging, and historically tarp covers and tarp accessories that made an impact in the industry over the past 12 months, with major product lines outlined as follows:
