Hyderabad, Telangana Jan 8, 2023 ([Issuewire.com](https://www.issuewire.com)) - The Cambridge Wing of Delhi Public School, Nacharam celebrated a mighty culmination of a 2-day event research congregation pathway event titled 'The Xplorer's Expo' under the prodigious superintendence of the Chairman Shri Malka Komaraih, the COO Mr. Yashasvi Malka, the Principal Mrs. Sunitha S Rao, and the Vice Principal Mrs. MF Shanthi Anthony. The Xplorer's Expo is a trailblazing summit initiated by Delhi Public School, Nacharam's Cambridge wing wherein the learners identify the problem, research, explore, collaborate, integrate and produce assiduous solutions. This occasion was graced by the aficionados in the field of Science and Technology who have set impeccably explicable benchmarks for the future generation to achieve. The formal dictum by our honourable Chief Guests Dr. Shashi Kalivendi (Senior Principal Scientist, CSIR-Indian Institute of Chemical Technology), Mr. Nivas is currently the Senior Principal Consultant and Head- Soft Skills at Infosys, Kishore Borra the Managing Director of EnergyTech Global Pvt Ltd and Mr. Shiv Srinivasan is associated as the Advisor to the Board of Athena Global Technologies Limited, Hyderabad and works closely with the CMD on strategic business ideas and implementation established the road to motivating and passion driven future professionals. This event was witnessed by the learners of the most prestigious international phrontisteries in Hyderabad & Secunderabad

The solutions the learners presented are not just momentary, but coherent and sustainable. It is a pioneering initiative initiated by the learners of Delhi Public School, Nacharam's Cambridge could possibly be defined as rather revolutionary. Moreover, we have the most outlandish and futuristic integrated project presentation themes which include Hats, Mysterious Masks, Wealth of Organic Food, Jobs in the future, Welcome to Sci-Land, World of apps and logos, Let Fashion bond with Nature and the 15-minute smart city- a pure coalescence of science and technology, culture, language, diversity, conservation, artificial intelligence, physical education, creative and performing arts, and the list goes on. This event is an immersive dive into the emerging intelligent technologies of our world. Transgressing the cliché, and permeating through the complex curtains of the future, groundbreaking research topics, and an array of head-turner projects the event had it all. The magnitude of success granted to this event can be attested by the grand roll of appreciation and applause it has received from industry experts, the veterans in the field of futuristic technology, and the teaching-learning community is unparalleled.
