“Total comprehensive oral health care is vital to a healthy life and I believe everyone should like their smile. It is my goal in life to be able to provide the best dental care to people so they can smile with pride” expressed the doctor.

Born and raised in Southeastern Michigan, he completed his undergraduate education at Wayne State University, receiving a degree in Biology. He worked in the dental field as an assistant while attending the University of Detroit Mercy School of Dentistry. After graduating with his Doctor of Dental Surgery degree, he started practicing in his home area.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries, create beautiful smiles, and perform other duties to ensure that the teeth and mouth are healthy.

On a more personal note, Dr. Barbu has always been inclined to help people both in and outside of the office. He is always volunteering at his church organizations and functions, such as food drives, cooking and serving food for the underprivileged, charity dinners for children in need, etc. For fun, he likes to see movies, and plays, discovers new restaurants and little hot spots in the city and surrounding areas, have dinners with his friends, and spend time with his mother, niece, sister, and brother-in-law.
