

Why Digital Vocano is Reviewed as the Best Web Hosting Company in Zimbabwe

Digital vocano offers Very Cheap Web Hosting services with free goole ads credit and seo tools to help websites rank better on search results. They offer Shared Hosting, Dedicated Hosting, Reseller and Cloud Hosting.They are based in Zimbabwe

Harare, Zimbabwe Feb 3, 2023 ([Issuewire.com](https://www.issuewire.com)) - Zimbabwe is one of the small countries implementing ICT, IOT, and AI in rebuilding their economy. This gives us a good reason why more internet space is being utilised in Zimbabwe. Most start-up companies in Zimbabwe have websites and practice Digital Marketing. Small WhatsApp group Shops Identified as RUNNERS went viral in 2021.

This Made Zimbabwe one of the fastest-growing Internet consumers in Southern Africa.

There are many providers of Web Hosting services to these businesses with [Digital Vocano](#) being reviewed as the **Best Web Hosting and Digital Marketing Company in Zimbabwe.**

Below I have shared some of the information gathered on their, Website, Sort list, and Google My business profile.

1.)They have a [dedicated 24/7 support](#) service assisted with a WhatsApp Chabot.

2.)They Offer [Hosting for every application framework](#) you can think of building your app on including [Laravel applications](#), [Python Applications](#), [Word Press applications](#), [Dot Net Applications](#),[Node Js](#) applications, and many more.

3.) Their Hosting **improves the speed of Websites** through their content compression techniques to reduce load time. They Use Gzip compression, caching policies, and have Nginx enabled to boost your website speed.

4.) They are the **most affordable** with their Web Hosting Prices ranging from \$1.99 per month. Their Hosting comes with both **email and Web hosting** under one package.

5.) They offered the best possible ways to Earn from Home by starting an Online business. They have many open-source scripts already written you can just install them through **softaculose** and customise them into your Company Names, and Start Making Money Online. **You can start an ICT business such as an Online directory, Online blog, E-learning, Online ERP, etc for just paying \$1.99/month.**

6.) If you are in Zimbabwe, you can activate your [order with zero credit and pay later](#). You will pay your invoice within fourteen days of its validity period.

Most of all, the reason why I keep on visiting this company is because of their **free google ads credit** and **free SEO tools**, Every Website hosted with **Digital Vocano** will rank better on google with the use of their [SEO tools](#). Secondly, their servers are more secure with brute force protection enabled. You can't log in after five attempts with a wrong password without getting your IP blocked
