

Accumed Saudi Company collaborates with Lanware to Digitize and Automate Processes

Kochi, Kerala Feb 10, 2023 ([Issuewire.com](https://www.issuewire.com)) - Lanware Solutions will work with Accumed to automate Accumed's Revenue Cycle Management processes while bringing strong digital capabilities and an innovative mindset. As part of this engagement, Lanware will help Accumed to achieve better turnaround time and improved efficiency in catering the customer demands. "We are thrilled to launch a partnership with Lanware to boost the automation throughout the RCM workflow leading to optimizing our operations," said Dr. Fadi Kodeih, VP of Operations at Accumed.

"I am confident that this partnership would certainly help both ACCUMED and LANWARE build in-depth expertise in the domain and would definitely support [ACCUMED](#) in its digital transformation journey aiming for increased efficiency, higher productivity, accelerated business growth, and enhanced customer experience."

Rejo Therakathu, Chief Operating Officer, Lanware, said; "It gives us great pleasure to work with Accumed on their strategic journey towards digitalization. We are delighted to support Accumed's goal of process automation by leveraging our extensive international experience and proven best practices."

About Lanware: - [Lanware Solutions](#) is a Product Engineering & Digital Transformation company led by a team of highly experienced professionals and talented technologists. With a proven track record in the design and development of enterprise-scale applications and deep expertise in bringing new electronic products to market, Lanware Solutions is a unique player in the Digital Transformation industry.

About Accumed: - Accumed Saudi Company is the first and largest company in the Middle East to provide comprehensive end-to-end revenue cycle management solutions to the healthcare sector. Accumed's vision is to be the region's reference point in revenue cycle management for the healthcare sector and to be renowned and respected for its expertise.
