

Dead Man Delays Record Release of Silver Sonic

Los Angeles, California Feb 23, 2023 (Issuewire.com) - Front man Ash Beck was in the final stretch of producing Silver Sonic's debut album Future Past, when his father passed, pushing the album's release date and leaving a void in the singer-songwriters life. "Death is an inevitable event. No one is getting out of this world alive," says Beck. Ironically, the title track Future Past is a reflection of life and wanting to relive it, without the regret of wasted time. "Music connects memories and time, it is part of our very existence and our link to the past, present, and future." The album release on Starry Eyed Records is an expressive journey in love, sex, hope, and dreams. It is a rich ultrasonic

experience delivered with a vivacious riff-centric spirit with roots in classic rock.

Silver Sonic - Future Past streams worldwide on Friday, February 24th, and follows the first single Sister Mercy, released in October 2022. Beck wrote, produced, mixed, and mastered the album. Recorded in Los Angeles, Beck's collaborators include Dan Rothchild on Bass, Brian Griffin on Drums, Alex Alessandrini on Synth and Piano, Jackson Austin-Ley on Lead Guitar, Sam Madison on additional Lead Guitar, and Sayaka Alessandrini on Backup Vocals.
