

Deirdre Logan, MD, FACOG, MMM, an Obstetrician-Gynecologist with USC Student Health

Get to know Obstetrician-Gynecologist Dr. Deirdre Logan, who serves patients in California.

New York City, New York Feb 10, 2023 ([Issuewire.com](https://www.issuewire.com)) - Dr. Logan is Board certified in Obstetrics and Gynecology (ABOG) and is a Fellow of the American College of Obstetricians and Gynecologists (FACOG). She joined USC Student Health as a full-time gynecologist in the fall of 2018 and serves as an Assistant Professor of Clinical Obstetrics & Gynecology. Prior to joining USC, Dr. Logan was the Chief physician of the Watts Healthcare Corporation's Ob/Gyn department, where she also founded and directed a teen clinic.

A two-time alumna of USC, Dr. Logan graduated with her medical degree from the Keck School of Medicine of the University of Southern California. She then completed her residency at Martin Luther King Drew Medical Center and earned a Master's degree in Medical Management (MMM) from USC Marshall School of Business.

Dr. Logan's various accolades include serving twice with the Baldrige Performance Excellence Program in the Baldrige Award Board of Examiners, and in 2021 she was selected to be a CHCF Health Care Leadership Fellow. She is currently a fellow in the CHCF Health Care Leadership Program that prepares clinically trained professionals to lead California's healthcare organizations and creates a network of strong and effective leaders who are focused on improving health care for all Californians.

She is also a current Co-Chair for ACOG District IX's Diversity, Equity, and Inclusion Committee, and is an active member of DEI committees and a Trauma Informed Care Steering Committee within her current organization.

She is an innovative change agent, passionate about providing and advocating for trauma-informed equitable women's health care, and she strives to educate and empower women of all ages regarding their health and their healthcare.

The mission of the ABOG is to define specialty standards, certify obstetricians and gynecologists, and facilitate continuous learning to advance knowledge, practice, and professionalism in women's health.

Obstetrics and gynecology (OB-GYN) is the medical specialty that encompasses the two subspecialties of obstetrics (covering pregnancy, childbirth, and the postpartum period) and gynecology (covering the health of the female reproductive system – vagina, uterus, ovaries, and breasts). An obstetrician-gynecologist specializes in the diagnosis, treatment, and prevention of diseases and disorders that affect women, such as breast cancer, cervical cancer, and menopause. Additionally, they work with expecting mothers throughout their pregnancies, during childbirth, and into postpartum.
