

Deladap alongside Melinda Stoika is Showing Some Ecstatic Forms of Electro-Swing in Their 'Shobeedoo'

Deladap's impressively mastered soundscapes along with Melinda Stoika's magical voice made their latest collaborative release 'Shobeedoo' a highly impressive number.

Vienna, Feb 15, 2023 ([IssueWire.com](https://www.issuewire.com)) - From Mexico to South Korea, from Russia to Greece, the future of Futureswing is here with the prolific releases of **Deladap**. Being an extremely profound music band, their works have been widely charged and gripping at various points. For this project, Melinda Stoika has shared her voice and has elevated the entire experience of the song, '[Shobeedoo](#)'. This is a revolutionary track that will overwhelm you with too much nostalgia, all at once. The retrospective essence this song delivers is truly fascinating vibes that anyone will fall for.

This song was written by Melinda Stoika, Pit Banzhaf, and Stanislav Vana. Stanislav Vana has produced this number. For a long time, [Deladap](#) has been working with the production company, Chat Chapeau Nouveau. The mastermind behind the impressive music of this band is Stani Vana. Their energetic vibes are making a lot of progress with their generous soothing skills of ecstasy. The gypsy guitar vibes along with the munificent-driven nature of Electroswing and Futureswing have been profoundly made.

The vocals of Melinda Stoika, her precious and lascivious like Marilyn Monroe in love melodies have made the song more enjoyable. Her enticing voice accompanied by the powerful deliveries of the band was truly a treat to enjoy. '**Shobeedoo**' along with their other creations like 'Georgian Lessons 1-6', 'Something Serious', 'Shake It Up', 'Cream Soda', 'Dirty Jazz', and 'Sassy' have been the

reason for many hearts melting. Listen to their excellent “Shobee doobe doobee do” on various music-streaming platforms including **Spotify**, [YouTube](#), [SoundCloud](#), and [Apple Music](#). You can also follow them on [Facebook](#), [Instagram](#), and [Twitter](#).
