

Enel Joseph, a Board-Certified Psychiatric-Mental Health Nurse Practitioner with Northeast Health Services, LLC

Get to know Board-Certified Psychiatric-Mental Health Nurse Practitioner, Enel Joseph, who serves patients in Brockton, Massahucetts.

New York City, New York Feb 8, 2023 ([Issuewire.com](https://www.Issuewire.com)) - Enel is a board-certified psychiatric-mental

health nurse practitioner in practice with Northeast Health Services, LLC in Brockton, Massachusetts. In this position, he assists adolescents, young adults, and older adults in handling mental health problems and improving their mental wellness.

Northeast Health Services, LLC is an outpatient mental health care provider dedicated to serving Massachusetts and the local area of Brockton. At the Brockton clinic, the team provides a broad array of services including psychotherapy, group therapy, child & adolescent therapy, child & adolescent psychiatry, adult psychiatry, medication management, and more.

Concerned with mental health and well-being, Enel's ideal client is a person struggling with a mental health problem and has yet to come to terms with the condition. His superpower is the capacity to treat each client as a unique individual. By approaching each case uniquely, he can objectively analyze the causative factors without the baggage of preconceptions that may muddy the assessment.

His specialties include general mental health, anxiety, and panic disorders, depression, ADD/ADHD, as well as trauma and post-traumatic stress disorder.

Earning his Master of Science in Nursing degree from Regis College in 2021, Enel has a true passion for psychiatric nursing, which he developed after working in a forensic psychiatry unit. He attributes his success to his passion for what he does and his love of helping others.

A Psychiatric-Mental Health Nurse Practitioner (PMHNP-BC) is an advanced practice registered nurse who holds board certification and is trained to provide a wide range of mental health services to patients and families in a variety of settings. PMHNPs diagnose, conduct therapy, and prescribe medications for patients who have psychiatric disorders, medical organic brain disorders, or substance abuse problems. They are licensed to provide emergency psychiatric services, psychosocial and physical assessment of their patients, treatment plans, and manage patient care. They may also serve as consultants or as educators for families and staff.

The ability to communicate fluently in English, Creole, and French and years of service in diverse settings uniquely position Enel to serve the psychiatric needs of different kinds of clients.
