

Fortify 24x7 Recognized on CRN's 2023 MSP 500 List

Seattle, Washington Feb 20, 2023 ([Issuewire.com](https://www.issuewire.com)) - Fortify 24x7, Cybersecurity Managed™, announced today that [CRN®](https://www.crn.com), a brand of [The Channel Company](https://www.thechannelcompany.com), has named Fortify 24x7 to its Managed Service Provider (MSP) 500 list in the Pioneer 250 category for 2023. CRN's annual MSP 500 list identifies the industry-leading service providers in North America who are driving a new wave of growth and innovation for the channel through forward-thinking approaches to managed services, helping end users increase efficiency and simplify IT solutions while maximizing their return on investment.

MSPs have become a vital part of the success of businesses worldwide. MSPs not only empower organizations to leverage intricate technologies but also help them keep a strict focus on their core business goals without straining their budgets.

The annual MSP 500 list is divided into three sections: the MSP Pioneer 250, recognizing companies with business models weighted toward managed services and largely focused on the SMB market; the MSP Elite 150, recognizing large, data center-focused MSPs with a strong mix of on- and off-premises services; and the Managed Security 100, recognizing MSPs focused primarily on off-premises and cloud-based security services.

"Managed services offer a path for businesses of all sizes to remain efficient and flexible as they grow," said Blaine Raddon, CEO of The Channel Company. "The solution providers on our 2023 MSP 500 list are bringing innovative managed services portfolios to market, helping their customers win by doing more with the IT budgets they have and freeing up resources to focus on mission-critical activities to drive future success."

"We are honored to be a member of the Pioneer 250. In particular, we are excited about being recognized for our holistic approach to managed IT services as well as our managed cybersecurity services. We pride ourselves on our performance and expertise in these areas", said Harold Charlap, COO, of Fortify 24x7.

The MSP 500 list will be featured in the February 2023 issue of CRN and online at www.crn.com/msp500.
