

Frappe (ERPNext) Certified Partners- Important Milestone for Kanak Infosystems LLP.

Kanak Infosystems LLP. is an IT company led by the vision to manage things and deliver value through innovation. We are the official partners of Odoo, ERPNext and Oracle Netsuite and we are determined to make your businesses efficient and effective.

New Delhi, Delhi Feb 24, 2023 ([IssueWire.com](https://www.issuewire.com)) - [Kanak Infosystems LLP](#). is elated to announce its new partnership with [Frappe \(ERPNext\)](#). A leading **IT Company** based out of Delhi, Kanak Infosystems LLP. is the expert in providing ERP solutions, making businesses smoother and faster. They are proud to have added **ERPNext services** to their spectrum of expertise.

Being amongst the leading names of IT Spearheads, this New Delhi firm is a great mix of dreamers and doers who are creative, talented, passionate, and experienced technological masters in providing cutting-edge solutions and IT services to clients across the globe.

With the world taking a technological turn, most businesses are now moving towards ERPs to scale up their operations; lower human efforts, cost, and error: and gain more profit and productivity. Kanak Infosystems LLP., with more than a decade of experience, helps companies in easy and rapid transformation. They strive to ease up the transformation process along with taking up and overcoming the challenges that may come the way.

ERPNext is a free and **open-source Enterprise Resource Planning Software** built on the **Frappe**, a python based server-side framework and MariaDB Database system. Developed by the Indian Software Company, **Frappe Technologies**, ERPNext is one of the leading and most wanted Open-Source ERP software in the market. Being Frappe's certified partner is a matter of utmost pride for Kanak Infosystems LLP.

As the official partner, Kanak Infosystems LLP provides Implementation, Development, Customization, Integration, training, and Support services for ERPNext.
