The lyrical hip-hop charm of this Florida Hip Hop Artist is widely enjoyable. And AlertFromTheLakess is making the world bow down to his latest release ‘Film!’.

Immokalee, Florida Feb 21, 2023 ([Issuewire.com](https://www.issuewire.com)) - Coming out of hip-hop culture his works are truly soaked in the seamless vibes of this impressive music genre. **AlertFromTheLakess** has a huge music catalog that includes some extremely powerful numbers along with some extensively heartfelt tracks. His latest release ‘[Film!](#)’, is a widely enjoyable number that has made a craze amongst his fan base

already. Being a popular music artist his several collaborative works have gained an immense amount of exposure in the past few years, and now, as he is back his recent release is keeping the heat high and hard. The dope lyricism along with the addictive charged-up vibes is surely something every hip-hop lover will cherish.

This [Florida Hip Hop Artist](#) started his musical journey over 7 years back with a collaborative track with 'TouchMoney'. Soon he started to release more tracks soaked in the intoxicating vibes of hip-hop. After that, he released a few more collaborative tracks, until he released his first solo 'From The Islands' 6 years back. The song engaged with his fan base instantly and people truly loved what he sang. And within a short time, the song reached up to 13K plays, and he still is counting steadily even after 6 years.

This latest release also shows a lot of potential to be more popular than his first solo release.

AlertFromTheLakess is making sure that his fans get the charm for what he is famous for in this song as well. Being a great performer and a profound lyricist his tracks are being cherished by those who are completely in love with hip-hop and also by those who love to groove with a song playing on a loop. In short, '**Film!**' is a great number and hopefully, he will continue to release more tracks in the near future as well. He is available on [SoundCloud](#) and [Instagram](#), follow him for more updates.
