

GoGetFunding Campaign Launch for Filipino Teacher in Need Life Changing Surgery Anais Gimeno

Calling All Teachers and Filipinos: Support Anais Gimeno's Journey to Overcoming Inborn Urinary Incontinence through Bladder Augmentation Surgery

Los Angeles, California Feb 7, 2023 ([Issuewire.com](https://www.issuewire.com)) - Anais Gimeno, a teacher from the Philippines with and Master's Degree in Education, is suffering from inborn urinary incontinence and is in dire need of bladder augmentation surgery. Growing up with this illness has not been easy for [Anais](#), as she has faced bullying and struggles with her job as a substitute teacher in a mountainous area of her country.

Anais was born with a stage 4 left kidney and a stage 1 right kidney. At a young age, she was rushed to the National Kidney Institute in the Philippines, where a hole was made under her navel to alleviate her condition. Although her kidneys have since stabilized, she still suffers from inborn urinary incontinence and must wear a modified garter with plastic or diapers to hold her urine.

Despite her struggles, Anais is determined to live a normal life and continue teaching. She is currently

raising funds through a [GoGetFunding](#) campaign to pay for her bladder augmentation surgery, set to take place on April 20, 2023.

"I know it ain't no picnic living with this illness, but I ain't the type to lay down and take it lying down," said Anais in the style of Mark Twain. "I'm determined to get this surgery and get back to teaching and living the life I want. I'm asking for your assistance so I can get this surgery and turn my lemons into lemonade."

The procedure is costly and not covered by insurance, which is why Anais and her family are reaching out to the community for support. They hope to raise enough funds to cover the cost of the surgery, as well as any post-operative expenses and rehabilitation costs.

"I know times are tough, but if you got a spare coin or two, I'd be much obliged if you'd consider helping me out," said Anais. "I ain't asking for much, just a chance to live a normal life and follow my dreams."

Those interested in supporting Anais can visit her GoGetFunding page to make a donation. Every little bit helps and any support, no matter how small, is greatly appreciated. You can also watch her video on YouTube where she explains more about her story and her goal.

"I ain't much for words, but I'll say this much: if you help me out, you'll be doing a good deed that'll make you feel right fine," said Anais
