"We are so excited to launch our new line of hardcover executive journals and planners," said Hermoza Design founder and Director, Isha Patel & Shrey Patel. "These journals and planners are luxurious, sustainable, and perfect for anyone who wants to keep their life organized in style. Furthermore, we are going to donate a percentage of our profits toward the education of children in need. These are the helpless children whose parents are suffering from leprosy. As people are not much aware of Leprosy, they treat the patients as untouchables. Hence, their innocent children suffer. We are on a mission to provide them with education and shelter. By shopping for our products, one can contribute towards enlightening the future of these children."

Hermoza Design's hardcover executive journals and planners are available for purchase now on the Hermoza Design website www.hermoza.design
