If you're suffering from uneven or crooked teeth and the thought of wearing traditional metal braces scare you, Home of Dentistry in Mississauga brings the most innovative technology, Invisalign invisible braces. Using innovative technology, Invisalign uses a series of comfortable and transparent aligners to gradually straighten your teeth and give you a beautiful smile. They offer top-quality dental care and make sure patients' oral health is in excellent condition. For more information, please visit: <https://www.homeofdentistry.ca/>

[Invisalign in Mississauga](#) is ideal for both adults and teens to fix teeth-straightening and bite issues. Invisalign are clear plastic teeth aligners that gently move teeth into a new position. They are comfortable to wear, smooth, and removable so you can continue doing things like brushing and flossing as you prefer. Someone who has dental and bite issues like overbite, gapped teeth, overly crowded teeth, or crossed and open bite can go for Invisalign treatment. Previously, the only option was to use standard metal braces, which many people wouldn't prefer. Invisalign has brought a way to achieve a straight, dazzling smile without the need for brackets and wires.

Mr. Girn has over 20 years of experience as an [Invisalign dentist in Mississauga](#) or other areas of practice in orthodontics. He develops a fully customized digital plan covering all aspects of a patient's oral health to make sure your smile is perfect for you. As Invisalign is a valuable investment, Home of Dentistry creates a custom payment strategy and treatment plan that fits your precise needs. Treatment time ranges from 9 to 15 months on average, depending on how much your teeth have to be moved. You need to visit Home of Dentistry about every 4-5 weeks to track your progress and make any adjustments along the way.

After Dr. Girn and his team create an individualized treatment plan for you, a series of clear trays are made to straighten your teeth gradually. You need to wear them in the order indicated, as each tray moves your teeth one step closer to the desired result. The exact time of wearing will depend on your oral health, age, and severity of your crowding. A qualified dentist will check your teeth every month and make sure everything is going well during the treatment. As a result, you can get [low-cost Invisalign in Mississauga](#) at Home of Dentistry, which accepts all major insurance and delivers a comfortable and faster way to improve your smile.
