

Luke Edgecombe, MD, a General Surgeon with White River Health Surgical Clinic & White River Medical Center

Get to know General Surgeon Dr. Luke Edgecombe, who serves patients in Batesville, Arkansas.

New York City, New York Feb 16, 2023 ([IssueWire.com](https://www.issuewire.com)) - Specializing in endoscopic, laparoscopic, and robotic-assisted surgical procedures, Dr. Edgecombe is a general surgeon with White River Health Surgical Clinic in Batesville, Arkansas. He can also be found on staff at White River Medical Center.

His areas of clinical care include diagnostic endoscopy, hemodialysis access, laparoscopic general surgery, minimally invasive colorectal surgery, minimally invasive hernia surgery, open general surgery, and thoracic surgery.

With a broad educational background, Dr. Edgecombe graduated with his Bachelor of Science degree in Biochemistry from the University of Tampa in 2011. He then went on to earn his medical degree from the American University of the Caribbean School of Medicine in 2015, after which he performed his residency in general surgery at Nassau University Medical Center in 2020.

General surgery is a surgical specialty that focuses on abdominal contents including the esophagus, stomach, small bowel, colon, liver, pancreas, gallbladder, appendix and bile ducts, and often the thyroid gland. A general surgeon performs a wide range of abdominal surgeries for many forms of intestinal and abdominal wall neoplasms, gallbladder disease, and gastric and pancreatic disease. They follow the patient through critical care and surgical recovery all the way to outpatient care.
