

## **Mina Abdolahi, DDS, an Orthodontist with Kumra Orthodontics**

Get to know Orthodontist Dr. Mina Abdolahi, who serves patients in Washington, D.C.

**New York City, New York Feb 17, 2023 ([Issuewire.com](https://www.issuewire.com))** - Dr. Abdolahi is a board-certified orthodontist working alongside Dr. Bob Kumra at Kumra Orthodontics. She takes pride in providing the best care to her patients, offering a variety of orthodontic treatments such as Invisalign®, braces, and retainers to help achieve a healthy smile.

With offices in Stafford, Virginia & Washington, D.C., Kumra Orthodontics takes great pleasure in having a community that places a high emphasis on trust and dedication. In addition to their transparent orthodontic service pricing, the dental practice strives to provide dental professionals who are prepared to offer only the best solutions for one's unique situation while providing fair and upfront pricing.

"We genuinely feel that you're part of the family. Whether your orthodontic concerns are for yourself or for your children, we'll address and answer any and all questions, formulate a treatment plan based on your best possible outcomes and get you quickly started down a path to your ideal orthodontic treatment. We bring our expertise to your care, but ultimately your comfort and satisfaction are our number one priority" as stated on their website.

Growing up in Northern Virginia, Dr. Abdolahi attended the University of Virginia where she obtained a Bachelor's degree in Biology. She completed her dental education at Virginia Commonwealth University in 2011 and earned her Master's degree in Orthodontics from the University of Iowa in 2013.

Trained in the latest orthodontic techniques, Dr. Abdolahi is a member of the American Association of Orthodontists, the Southern Association of Orthodontists, and the Virginia Association of Orthodontists. She is also a Diplomate of the American Board of Orthodontics.

Orthodontics is a dentistry specialty that addresses the diagnosis, prevention, management, and correction of mal-positioned teeth and jaws, and misaligned bite patterns. An orthodontist is a dentist trained to diagnose, prevent, and treat teeth and jaw irregularities. They correct existing conditions and are trained to identify problems that may develop in the future.

Outside of the office, Dr. Abdolahi spends her free time practicing and teaching Taekwondo and is a fourth-degree black belt. She also enjoys spending time with her husband, Ali, and two children, Ana and Nick.
