Intensive care medicine also called critical care medicine, is a medical specialty that deals with seriously or critically ill patients who have, are at risk of, or are recovering from conditions that may be life-threatening. Critical care medicine specialists (also called intensivists) are medical doctors who specialize in the care of people who are in an intensive care unit (ICU). In some areas, when a person is very ill and has to spend time in an ICU, he or she is cared for by a critical care medicine specialist.

On a more personal note, Dr. Ramos De Oleo speaks multiple languages, including English, French, Italian, and Spanish.
