

## Sachin Dev Duggal Talks About Modern AI Innovations.

Hindustan Times - AI enables people, businesses, and communities to reach their full potential by assisting in the early diagnosis of illnesses and allowing users to access information in their native tongue.

**New Delhi, Delhi Feb 21, 2023 ([Issuewire.com](https://www.issuewire.com))** - Have you ever noticed how the world is evolving with new Artificial Intelligence (AI) tech products like ChatGPT, BardAI, Chorus.ai, and Infosys Nia? There is much more in a queue that skyrockets your business growth with just one click. There is one AI app builder platform that helps in creating your business online without coding knowledge, i.e. Builder.ai. Behind the Idea and Concepts of builder.ai is entrepreneur [Sachin Duggal](#). You use this AI app builder to create your business and another chatbot AI to expand business growth. Sachin Dev Duggal says, "Indian software development sector needs magic that attracts investors, and it only comes when you only create your own app with your unique idea because no other can understand your need and desire than you."

The most revolutionary technology we are witnessing right now is AI. AI enables people, businesses, and communities to reach their full potential by assisting in the early diagnosis of illnesses and allowing users to access information in their native tongue. And it creates new possibilities that have the potential to greatly enhance the lives of billions of people as well as their business potential.

Let's start the Artificial Intelligence exploration with the most helpful AI that turns non-coders into full-

stack developer and unlock their potential to the fullest. Builder. Ai is the one no-code app builder platform founded by entrepreneur [Sachin Dev Duggal](#). For any business to operate, manage and scale its technology needs AI tech products on its own. “Be confident, Be fearless, Be amplified,” says [Sachin Duggal](#).
