

SwifDoo Software Rolls out SwifDoo PDF 2.0.2.1

Victoria, British Columbia Feb 20, 2023 ([Issuewire.com](https://www.issuewire.com)) - SwifDoo Software just released the latest version of SwifDoo PDF 2.0.2.1. It optimizes the sidebar and interaction in PDF compression and fixes some bugs in the previous version. Windows users can get a better PDF management service from this new version.

SwifDoo PDF 2.0.2.1 has the following improvements and bug fixes:

Added Office file compression

SwifDoo PDF has recently added a new feature that allows for the compression of Office files, providing users with the ability to easily and efficiently reduce the size of their documents. This new feature is a game-changer for those who regularly work with large Office files, as it saves time and storage space while also making it easier to share files with colleagues and clients. With SwifDoo PDF's Office file compression, users can now streamline their workflow and optimize their productivity.

Expanded PDF conversion features

SwifDoo PDF has recently expanded its PDF conversion features, providing users with even more ways to optimize their document workflows. The expanded features include the ability to convert images to JPG, PNG, CON, and a wide range of file formats. Additionally, SwifDoo PDF now offers batch conversion capabilities, enabling users to convert multiple PDF files at once. These new features make it easier than ever for users to work with PDF files, as they can now easily convert and share them in a variety of formats with just a few clicks.

Other Main Features of SwifDoo PDF

Annotate: Highlight, area highlight, underline, strikethrough, and add text, shapes, stamps, notes, and lines;

Edit: Add images, add links, crop pages, white-out, add headers & footers, add page numbers, and perform OCR;

Convert PDF to Microsoft Office Word document, PowerPoint, Excel spreadsheet, image (JPG, PNG, BMP, TIF), text, CAD, HTML, and vice versa;

Organize: Combine, split, extract, rotate, insert, replace, and delete PDF pages;

Share: Via email, Dropbox, and Google Drive;

Protect: Encrypt, decrypt, add a watermark, and add an electronic signature.

About SwifDoo PDF

Our goal is to offer helpful and simple-to-use PDF software to a broader audience with the ultimate purpose of improving productivity and work efficiency. Just as the name suggests, SwifDoo PDF hopes to help users do their PDF-related tasks swiftly. We release this update to help users complete much more work with greater accuracy to meet your demands.

SwifDoo PDF always prioritizes user demands in software development and highlights the importance of innovation. Only with core competency and creativity can we go forward to improve working productivity.
