Houston, Texas Mar 22, 2023 ([Issuewire.com](https://www.issuewire.com)) - While all emergencies can be scary experiences, those involving children are particularly difficult to deal with as minors are often unable to properly communicate their symptoms, which can leave parents worried and confused. In such emergency situations, the presence of a trained professional is needed to properly assess the situation and

determine whether or not the condition is life-threatening.

Life Savers Emergency Room is calling on parents to put the health and safety of their children above everything else. In a statement released today, the [Houston Heights emergency room](#) advised parents to not think twice about bringing their little loved ones to the ER, if they ever suspect that they might be having a medical emergency.

Created to make quality medical services readily available to everyone, Life Savers ER is operated by board-certified emergency physicians and pediatricians, with decades of experience treating children. The clinic has reassured parents that they can expect prompt responses with zero wait times whenever they walk into any of its three freestanding emergency rooms in Houston, Texas.

The Life Savers ER pediatric room is specifically tailored to soothe children and ease the stress of their medical condition. To help make the experience as easy as possible, Life Savers ER follows a strict no-wait time policy. So, upon arrival patients will be seen by medical staff right away. Doctors will then take a medical history and carry out a physical examination of the child. In some cases, tests may be needed. If so, testing can be carried out at their onsite laboratory. Treatment plans and options will always be discussed with parents and the providers will work together to come up with a management plan that best suits a child's needs.

Life Savers ER is a freestanding emergency clinic that is open 24 hours a day, seven days a week. They offer emergency medical care to children of all ages including babies, infants, and young adults. With board-certified doctors and onsite laboratory & diagnostic services, Life Savers ER locations are fully equipped to take care of all minor and major pediatric emergencies.
