

A Spectacular Win for Pocket HRMS in India HR Summit and Award Ceremony, 2023

New Delhi, Delhi Mar 8, 2023 ([IssueWire.com](https://www.issuewire.com)) - India's finest cloud-based smHRt management software, Pocket HRMS, has been honoured with the 'Best HR Technology Company of the Year' Award in the Prestigious India HR Summit and Award Ceremony (IHRS 2023) held on 2nd and 3rd March 2023 at Hotel Vivanta by Taj, New Delhi.

The award was presented in the esteemed annual conference on human resources for top executives and HR professionals in India organized by the Synnex Group. It saw a crowd of more than 500 regnant personalities, HR dignitaries, specialists, and leaders from all over the country. The award was received by Mr. Jitendra Somani, CEO of Pocket HRMS with team members

"Out of 400 million population in India, only 1.4 billion has been digitalised from HR perspective. With the vision of 'Digital Bharat', Pocket HRMS is empowering the world of HR with the use of advanced technology for simplified processes. With the Digital Bharat mission, we want to reach not only the Metro cities, but also enable SMEs and Enterprises from other states across Bharat", stated Mr. Jitendra Somani, during felicitation.

"We have been consistent in providing cutting-edge technologies to be the most HR-friendly application. Our latest innovation comes in the form of 'smHRt Payroll' wherein we have provided additional checks to ensure a streamlined payroll processing experience. It even employs machine learning to understand your company and suggest modifications to remove outliers from the data", mentioned Mr. Somani.

"This win has brought us immense joy and motivation in setting new milestones in persistently improving [online payroll software](#) with a user-friendly experience augmented by AI. Our smHRty chatbot is also integrated with the [ESS portal](#) to provide an enhanced user experience even for the employees. We aim to contemporize and streamline HR processes by providing comprehensive HR software for efficiently managing employees," said Mr. Kumar Siddhartha.

"Another major update in our software is the integration of WhatsApp messenger, wherein the HR Managers and Employees can use WhatsApp to communicate and engage with their employees. It helps the staff working in remote locations to stay connected with their organization anytime, eliminating location and connectivity barriers effectively", concluded Mr Somani.

Earlier, Pocket HRMS had also been felicitated with multitude of awards as the 'Best HR software' in the 15th edition of Asia Pacific HRM Congress, as well as the 'Best HRMS Software' in one of the first physical mega HR event of 2021, World HRD Congress (WHRDC) award ceremony. The new award is another feather in their cap, which is a testament to their continued efforts in innovating the HR domain and providing them with high-tech features to simplify their daily duties.

About Pocket HRMS

Established almost two decades ago, Pocket HRMS is a leading HRMS software in India. Its core values are ensuring the best in customer service, cost effectiveness, and powerful module offerings. The latest update has incorporated an improved AI-based attendance system and an AI chatbot - smHRty, that can interact with employees to apply for leaves, answer queries, and more. Additionally, Pocket HRMS offers HRs a unique global look at their database with smHRt searchHR which is one of

the first implementations of its kind in the HR domain.
