PrimeCare Pharmacy is a product of a group of clinical pharmacists with over 16 years of hospital inpatient and ambulatory experience, extensive compounding and pharmacy consulting experience who came together to develop a unique community pharmacy practice catering to the community, patients, caregivers, hospitals, and facilities to provide a seamless continuum of medication therapy care for our healthcare consumers.

Pertaining to her educational pursuits, Dr. Ahawarma graduated with her Doctor of Pharmacy degree from the Howard University College of Pharmacy in 2000.

Pharmacy is the health science that links medical science with chemistry and it is charged with the discovery, production, control, disposal, safe and effective use of drugs. The practice of pharmacy requires excellent knowledge of drugs, their mechanism of action, side effects, interactions, mobility, and toxicity. Pharmacists, also known as chemists or druggists, are health professionals who specialize in the use of medicines, as they deal with the composition, effects, mechanism of action, and proper and effective use of drugs.
