

Boost Your Productivity Today with actiTIME's Revolutionary New Time Management Assistant

The image displays the actiTIME interface. On the left, a purple gradient box contains the actiTIME logo and the text: "Enjoy the supreme accuracy of fully automated time tracking". On the right, a screenshot of the software shows a user profile at the top right. Below the profile, there are tabs for "Activities" and "Reports". The "Activities" tab is active, showing a summary of time spent: Total time 7:40, Synced 1:00, and Unsynced 6:40. Below this is a search bar and a calendar view. The calendar view shows a list of activities with their durations and corresponding colored bars indicating when they occurred. The activities listed are: Gmail (2:00), Jira (1:40), Miro (1:30), Google Sheets (0:40), Slack (0:40), Confluence (0:30), Google Docs (0:30), Notion (0:25), Figma (0:20), and Trello (0:10). At the bottom of the interface, there is a "Start timer" button.

Activity	Duration
Gmail	2:00
Jira	1:40
Miro	1:30
Google Sheets	0:40
Slack	0:40
Confluence	0:30
Google Docs	0:30
Notion	0:25
Figma	0:20
Trello	0:10

Toronto, Ontario Mar 21, 2023 ([Issuewire.com](https://www.issuewire.com)) - actiTIME, a leading provider of time tracking software, has announced the release of its new product, Time Management Assistant. This innovative tool automates the time-tracking process and generates a detailed log of web-based tools users visit throughout the day.

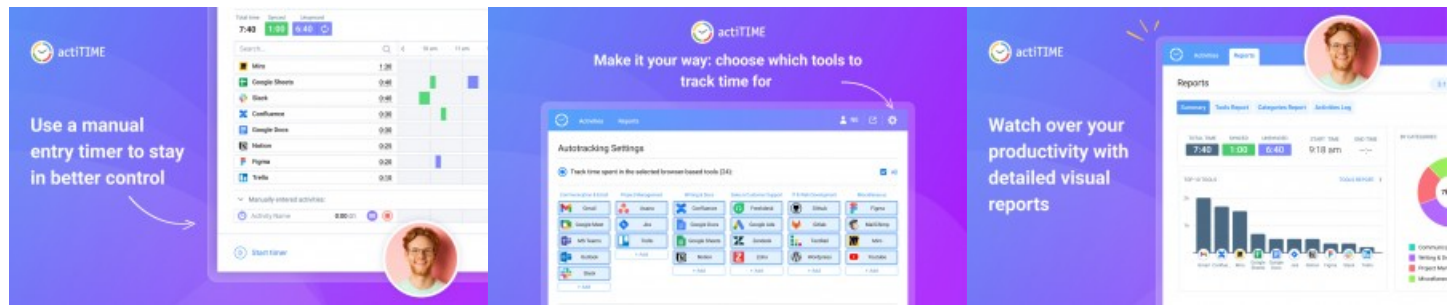

The Time Management Assistant is designed to help individuals maximize their efficiency by reminding them when some online activities are taking up too much of their precious hours. The browser extension provides 100% accuracy with robot-level data precision and greater efficiency, eliminating the need for manual data entry.

With its customizable settings, the Time Management Assistant provides a flexible approach to the time-tracking process. Users have the option to track time for all the web-based tools they visit throughout the day or select a range of tools and categorize them by different types of activities for greater convenience and better organization.

The browser extension generates comprehensive analytics with useful insights, allowing individuals to craft a truly great improvement plan for the future. The reports it generates provide an in-depth understanding of how productive users have been and how they can hone their time management skills even further.

Users who are already familiar with the benefits of actiTIME can further enhance their experience by integrating the Time Management Assistant extension. This integration can bring a new level of convenience and ease to their actiTIME experience.

actiTIME's Time Management Assistant is the perfect tool for individuals looking to optimize their productivity and make the best out of every second. It is absolutely free and available for download [here](#)
