

Cherrywork® Proof of Delivery App by Incture® Now Live on SAP® App Center

Cherrywork® Proof of Delivery (POD), built on SAP® Cloud Platform, is a last-mile logistics application giving customers more control over their operations leading to increased efficiency and on-time deliveries.

Bengaluru, Karnataka Mar 1, 2023 ([Issuewire.com](https://www.issuewire.com)) - Incture® today announced its Cherrywork® [Proof of Delivery \(POD\)](#) application is now available on SAP® App Center, the digital marketplace for SAP partner offerings. Cherrywork POD is built on and leverages the SAP Cloud Platform to organize, manage and track shipment details in real time.

“The Cherrywork Proof of Delivery application from Incture solves critical last-mile logistics-related problems, such as real-time tracking and coordination with delivery persons, execution, customer cancellations, and rejections. By managing shipments, vehicle lifecycle, and delivery agents, POD provides increased visibility, reduced delivery time, optimized trip creation, and better last-mile unit economics.

With POD, Incture aims to deliver customer delight with each and every transaction.” Shruti Patra, Product Manager.

Cherrywork Proof of Delivery application helps plan trips, manage shipment details, report and manage incidents, track shipment in real time, and verify delivery items. It is delivered as a twin application solution built on the SAP Cloud Platform: Trip Management for administrative tasks, and Delivery Management for driver tasks.

The application can deliver the following benefits to customers:

- Eliminate paper-based processes
- Enable quick and contactless delivery
- Reduce delivery cost with route optimization
- Improve visibility with end-to-end traceability
- Deliver actionable analytics
- Improve employee communication
- Enhance driver attention and safety

At SAP App Center, businesses can discover approximately 1,500 innovative partner solutions that integrate with and extend SAP solutions. There, customers can find the SAP-validated partner apps they need to grow their business. Find, try, buy, manage, and deploy SAP partner solutions digitally at www.sapappcenter.com.

Incture is an SAP silver partner in the SAP® Partner Edge program. As such, it is empowered to build, market, and sell software applications on top of market-leading technology platforms like SAP Cloud Platform, an open business platform that helps you power agile business process innovation from SAP. The SAP PartnerEdge program provides the enablement tools, benefits, and support to facilitate building high-quality, disruptive applications focused on specific business needs – quickly and cost-effectively. The program provides access to all relevant SAP technologies in one simple framework under a single, global contract.
