

Copilot Driver License - the Lifesaving NFT

Copilot Driver License the one NFT that can save lives internationally! Distracted driving is a "deadly epidemic" causing public endangerment 24/7.

AUTOMOBILE SAFETY FOUNDATION Copilot Driver License

Copilot agrees to:

1. Team with the driver to maintain road concentration and driving safety vigilance.
2. Driving requires complete road attention. Do not distract the driver.
3. Attend to all necessary telecommunications, GPS, and technical matters, while possibly assisting with lane changes and parking.
4. Alert, but never alarm the driver, about impending road dangers or safety matters.
5. Observe driver aptitude, questioning signs of fatigue or debilitation that should require change of driver or termination of travel.
6. Copilot for the safety of all on the road.

I acknowledge that Copilot Driver License is not a driver license or ID, and that I am of the age competent to perform Copilot Driver License agreement.

On the road we all Copilot

San Diego, California Mar 16, 2023 ([Issuewire.com](https://www.issuewire.com)) - Distracted driving is a "deadly epidemic" causing public endangerment 24/7!

According to the Washington Post, <https://www.washingtonpost.com/news/wonk/wp/2016/06/23/there-are-more-dangerous-things-to-do-while-driving-than-using-your-phone/>, passenger distraction is the main cause of driver distraction and therefore a force to be reckoned with, as most of the public remains totally oblivious of this danger. Have you told your kids not to distract the driver? There are potentially two passenger types, the menace wanting eye contact and causing driver distraction. or a helpful copilot, not disturbing the driver, assisting with road vigilance, communications help, and more.

In 2013 to address the international passenger distraction crisis, ASF introduced the Copilot Driver License, (see below); and a few years later the Copilot Club app, [Automobile Safety Foundation | Copilot Club \(carsafe.org\)](https://www.automobilesafetyfoundation.org/copilot-club) featuring, traffic, weather, and videos and more..t.

The Copilot Driver License is an excellent driver ed tool as it also teaches road concentration, eyes on the road, hands on the wheel, with road concentration, and distraction avoidance instructions for both drivers and passengers, basic fundamentals of intelligent and safe driving, for their safety and the safety of others. Double down on that road concentration.

<https://www.youtube.com/watch?v=b5FwyYvBMrM>.

On the road we all copilot.

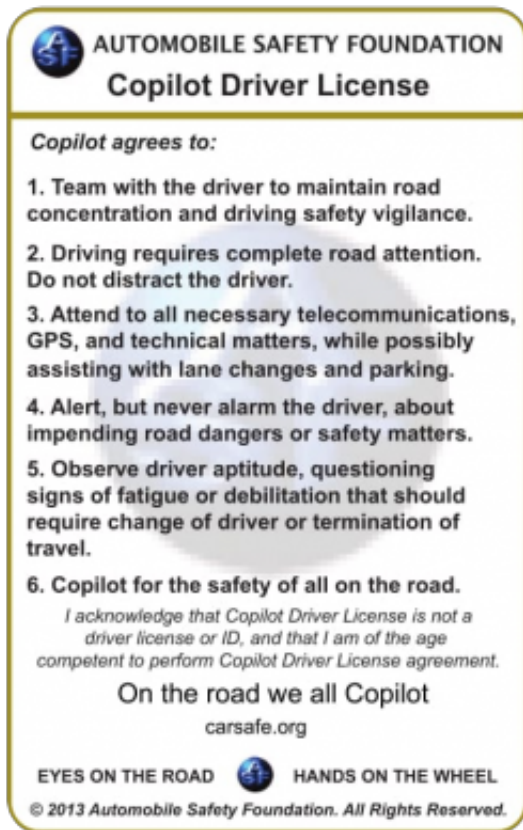

in 2017 DMV.com published an encouraging article about, the ASF Copilot Driver License https://www.dmv.com/blog/copilot-driver-license-traffic-safety-improvement-520391_tg1=DVA&utm_content=dmv.com&utm_medium=dmv_&tg7=dmv_&utm_source=dmv.com&tg9=dmv.com&utm_term=organic_dmv&utm_campaign=organic_dmv.

ASF is offering DMV the Copilot Driver License for a low-cost driving license and education program and a step toward obtaining a regular driver's license. National DMVs publish ASF materials in their Driver Handbooks so there is a DMV publishing precedent.

The Copilot Driver License is the one NFT message that can save lives internationally.

More ASF news: To help address distracted driving and walking accidents and, "phone addiction," ASF has recently released a new smarter phone invention; Safe Call - Earphone, [Safe Call - EarPhone - New Smarter Phone Invention \(einpresswire.com\)](https://www.einpresswire.com/news/view/pressrelease/safe-call-earphone-a-new-smarter-phone-invention)

Additionally, ASF the leader in driving safety research and development since 1988, is offering the new eBook, "Driver Ed Safety Course" now available at Amazon and Ingram, <https://www.amazon.com/dp/B09LFLT7V7>, PSAs jingles, <https://psa.nab.org/campaign.asp?id=169>, and safety wares, <https://www.bonfire.com/store/automobile-safety-foundation/> all of which can also be marketed as NFT.
