

CRA Recognized By Clutch As A “Game Changer”

Recognized As Best Of The Best In NYC

New York City, New York Mar 10, 2023 ([Issuewire.com](https://www.issuewire.com)) - [Computer Resources of America](https://www.computerresourcesofamerica.com) (CRA) is thrilled to announce that they have been recognized as a Clutch "Game Changer." Clutch is the industry's leading independent review and market research website, covering various industries and aimed at helping its audience connect with only the most elite service providers.

Receiving the "Game Changer" distinction is a testament to the years of hard work and dedication put in by the CRA team, as well as the support of everyone involved. This recognition motivates the team to continue striving for even greater results and to set the standard for excellence in the IT solutions industry.

For over 30 years, CRA has been dedicated to providing award-winning IT solutions to organizations of all sizes. From non-profit organizations to government agencies, they have worked tirelessly to help clients optimize their productivity, drive profitability, and enhance customer satisfaction.

As a testament to their dedication, here are some snippets from their clients' reviews:

"Although we're a small client, we receive the same attention as a larger one. The other thing is their availability, which is great. CRA has hired two great representatives but, ultimately, we get the impression that Chico, their Chief Executive Officer, oversees everything that happens with their clients." - Co-Founder & Vice President, SelectCare

"Our experience has been very positive. If there is ever an issue, it will be escalated to CRA management, and they will take care of it. Any major issues are handled by our account representative. They have great turnaround times for resolutions; they're extremely reliable." - IT Manager, Financial Services Firm

CRA remains steadfast in its commitment to continue delivering exceptional IT solutions to its clients, just as they have for the past three decades.

"We want to express our deepest appreciation to every client who took the time to review us on Clutch. Thank you for trusting us with your business. We look forward to continuing to serve each of you with the highest standard of excellence." said CEO, Chico Ramnarayan.
