

Dhanbad-based start-up CarCruise revolutionizes car repair industry with trust and expertise

Customers benefit from lower bills and the convenience of monitoring repair work from home

Dhanbad, Jharkhand Mar 22, 2023 ([Issuewire.com](https://www.issuewire.com)) - Dhanbad-based CarCruise is making waves in the automobile repair industry by promising customers a lower bill without compromising on the quality of service. CarCruise provides customers with the opportunity to witness the repair work being done on their vehicle from the comfort of their own homes, a unique feature that sets it apart from other service

centers.

CarCruise prides itself on being built on a foundation of trust, expertise, and innovation. The highly skilled technicians follow manufacturer-recommended procedures and use only genuine spare parts to ensure that each vehicle receives the best care possible. CarCruise is breaking the monopoly of authorized service stations and roadside garages in both big cities like Delhi NCR and small cities like Dhanbad.

According to Abhishek Shubham, the founder and CEO of CarCruise, transparency, and communication are crucial to building long-term relationships with customers. At CarCruise, every visit is an opportunity to exceed customer expectations and become their one-stop solution for all things cars.

CarCruise is revolutionizing the automobile repair industry by providing customers with affordable, high-quality repair services and offering a level of transparency and communication that is unparalleled in the industry.
