

## "Mythology", is released traveling through time and myth.

Greek Composer Vasilis Pittas

**Athina, Attiki Mar 30, 2023 ([Issuewire.com](https://www.issuewire.com))** - Vasilis Pittas, a globally acclaimed self-taught pianist, keyboardist, and composer, has released his latest masterpiece titled "Mythology", is released traveling through time and myth. Experience an epic orchestral piece that transports listeners to ancient times.

"Mythology" is an incredible journey through time, capturing the essence of myths from various cultures. With a blend of different instruments, Pittas creates a magical atmosphere that

transports the listener to ancient times. The orchestral arrangement of the song is fantastic, capturing the essence of different historical periods.

Pittas was inspired by his love for history and mythology when creating "MYTHOLOGY." He wanted to create something that reflected his passion for these subjects while also giving listeners a unique experience. Pittas says, "My goal was to create something that takes people on a journey through time and myths, something that touches their hearts and souls."

The song is now available on CD Single in all popular digital stores, including Apple Music, Spotify, and Amazon Music.
