

Nanolite bags prestigious Telangana State Industries Award

Nanolite, a leading manufacturer of all kinds of brick machinery, has won the Telangana State Industry Award for Best Sustainability Practices. The award was presented by Sri. K. Taraka Rama Rao(KTR), Hon'ble Minister for Industries and IT, Telangana

Hyderabad, Telangana Mar 9, 2023 ([Issuewire.com](https://www.issuewire.com)) - Nanolite, a leading manufacturer of all kinds of brick machinery, has won the Telangana State Industry Awards for Best Sustainability Practices. This award recognizes Nanolite's outstanding commitment to sustainable practices and the company's efforts to reduce its carbon footprint while promoting sustainable development. The award was presented at a ceremony held in Hyderabad on March 7, 2023.

Nanolite has been at the forefront of sustainable construction solutions, delivering innovative products and technologies that are eco-friendly and energy-efficient. The company's lightweight concrete technology has helped transform the construction industry by reducing the use of traditional clay bricks, which are responsible for significant carbon emissions. Nanolite was founded in 2009 and has set up more than 500 brick plants across India, Nepal, Sri Lanka, and Bhutan.

Portfolio of Nanolite includes:

- CLC Lightweight Brick Machinery
- AAC Lightweight Brick Machinery

- Flyash Brick Machinery
- Concrete Block Machinery
- Paver Block Machinery
- Parking Tile Machinery

"We are honored to receive this prestigious award and be recognized for our efforts in promoting sustainable practices," said Mr. Pradeep Varma, Director of Nanolite. "At Nanolite, we believe in building a sustainable future, and we are committed to developing products and technologies that have a positive impact on the environment. We will continue to innovate and improve our products. It is our greatest pleasure to receive the award from Sri. Kalvakuntla Taraka Rama Rao (KTR), Honourable Minister for Industries and IT, the Government of Telangana"

The Telangana State Industry Awards are given to companies that have made significant contributions to the state's economic growth and development. The awards aim to encourage excellence, promote innovation, and enhance the competitiveness of the state's industries.

Nanolite's commitment to sustainability is not limited to its products and technologies. The company also promotes sustainable practices within its operations, including waste reduction, energy efficiency, and water conservation. Nanolite's sustainability initiatives have helped the company reduce its carbon footprint and contribute to a greener, more sustainable future.

Nanolite's success in winning the Telangana State Industry Awards for Best Sustainability Practices is a testament to the company's commitment to sustainability and its role in promoting sustainable development. As the construction industry continues to grow and evolve, Nanolite is well-positioned to continue delivering innovative and sustainable solutions that benefit both the environment and society.
