

New Book “Networking Essentials for Success” Launches, Empowering Readers to Strengthen their Business Relationships

Former Shy Introvert Shares Powerful Strategies for Effective Networking and Building Connected Communities

Columbus, Ohio Mar 8, 2023 (Issuewire.com) - Marks the launch of “Networking Essentials for Success,” a groundbreaking new book written by a former shy introvert, Chris Borja, who overcame his

challenges to become a master networker. This book is a comprehensive guide that teaches readers the power of networking and how to build stronger business relationships.

Everyone knows that networking is an important skill, but unfortunately, most were never taught how to do it effectively.

The author shares his personal 7-step journey and how learning to network effectively transformed his career and life. In this book, he provides practical tips, tools, and strategies for readers to confidently develop and strengthen their networking skills. Whether you're an entrepreneur, business professional, sales professional, non-profit leader, student, or introvert looking to break out of your shell, "Networking Essentials for Success" is the must-read book of the year.

"Networking Essentials for Success" is more than just a self-help book - it's a movement that seeks to create better networkers, stronger businesses, and connected communities worldwide. As we navigate an increasingly digital world, the art of face-to-face networking in conjunction with a strong online presence has become more important than ever. This book is the definitive guide to mastering the art of networking and building stronger, more meaningful connections to create winning collaborations and partnerships.

If you're ready to take your networking skills to the next level, "Networking Essentials for Success" is the ultimate resource. Get your copy today and join the global community of empowered networkers.
