

NumberMyDay Launches an Uncommon Platform to Help Entrepreneurs Transform Communities

Company is looking to transform communities by empowering Christian entrepreneurs to build successful businesses.

Los Angeles, California Mar 3, 2023 ([IssueWire.com](https://www.issuewire.com)) - NumberMyDay.com is announcing the launch of a new platform that will encourage entrepreneurs in the United States and around the world to transform the way they build businesses. Entrepreneurs will have access to educational products and services to help them maximize business growth while working in their local communities. NumberMyDay is now open and ready to partner with entrepreneurs.

Entrepreneurship can be a lonely road with a lot of money and time wasted trying to build a business through trial and error. According to the U.S. Small Business Administration, 70 percent of small businesses that received support from others survived more than five years – double the survival rate of businesses that did not seek support. The same survey found that 88 percent of entrepreneurs with a mentor said that having one was invaluable.

NumberMyDay will close the gap between wanting a successful business that transforms communities and actually building one with the NumberMyDay.com platform. Gone are the days when entrepreneurs have to roll the dice, hoping to get the results they want. The NumberMyDay Community will ensure that business owners never have to go at it alone ever again.

"We're thrilled to be launching such a unique solution that will help entrepreneurs build their businesses," said DC Cayce, Founder of NumberMyDay.com. "We're looking to transform communities by giving entrepreneurs the tools they need to ensure success God's way."

The NumberMyDay platform currently offers resources such as [Podcast Interviews](#), [Videos via YouTube](#), Workshops, [Free Downloads](#), and the [NumberMyDayCommunity](#) that will encourage, educate, and inspire entrepreneurs - improving communities in the process.
